Dear readers! In order to provide you with the best quality manga were working hard every day, but our devotion isn't enough, we still need HQ raws, which are quite pricey. We're still poor students and such expenses are a bit too much for us yet we would like to start so many new projects! That's why we are humbly asking our readers for small donations - even a small amount is fine. Please support our team and help us release more wonderful titles!
